Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	**Stage 1: Discover & Sign Up**	**Stage 2: Learn & Build Skills**	**Stage 3: Earn & Showcase**
Actions *What does the customer do?*	• Hears about SkillWallet from college or friends • Visits the website and explores courses • Registers and completes profile	• Enrolls in a course or internship • Completes modules, quizzes and projects • Submits work and tracks progress on dashboard	• Clears assessments and downloads certificates • Adds verified credentials to profile • Shares profile with recruiters and on LinkedIn
Touchpoint *What part of the service do they interact with?*	• Website / landing page • Social media and campus outreach • Sign-up form and email verification	• Learning dashboard • Course content and assessments • Mentor / support chat and notifications	• Certificate and credential module • Public shareable profile • Job / internship opportunity listings
Customer Thought *What is the customer thinking?*	• "Is this platform trustworthy and useful for my career?" • "Which course fits my skills?" • "Is registration quick and free?"	• "Is the content easy to follow?" • "Am I on track to finish?" • "Who can I ask if I get stuck?"	• "Will employers value these credentials?" • "How do I show my achievements?" • "What opportunities can I get next?"
Customer Feeling *What is the customer feeling?*	Curious and hopeful, slightly unsure about which course to choose	Motivated but sometimes overwhelmed by workload; relieved when support responds quickly	Proud and confident; excited about job prospects

Process Ownership *Who is in the lead on this?*	Marketing & Outreach team, with Onboarding / Product team for sign-up	Content & Learning team, with Mentors and Customer Support	Credentialing / Assessment team, with Placement & Partnerships team
Opportunities *How can we improve this stage?*	• Add a course recommendation quiz • Show success stories and testimonials • Enable one-click sign-up (Google / college email)	• Add progress reminders and gamification • Provide 24x7 chatbot plus mentor support • Break content into short, bite-sized modules	• Offer one-click LinkedIn credential sharing • Partner with more recruiters and companies • Collect feedback and suggest next learning paths
